

The Duval County Clerk of the Courts is happy to announce a new service for our Marriage License Department! We can now record your ceremony and put it on a DVD.

The ceremony will be filmed in HDV and placed on a DVD along with background music, still photos from the wedding and stock photos of the Courthouse. We will also provide a regular CD-R with the pictures so that you can either print them at home or take to a photo shop such as Walgreens or CVS pharmacy and have as many prints made as you want.

The costs below are in addition to the normal fees for getting married. If you are planning to get married at the courthouse, this is a great way to preserve the day. Each disc provided will be labeled with the date, location and names of the individuals. Also included is a jewel case for safe keeping. The DVD's by default will be rendered in DVD-R format, which is the most common format.

If specified, DVD+R is available.

DUE TO TIME CONSTRAINTS, THE ACTUAL FILMING MAY TAKE PLACE ON A LATER DATE
