## **Complex Public & Court Records Request Policy**

The Clerk of Courts is pleased to assist the public by providing records that go beyond the scope of a typical records request. This would include requests for records that contain complex or historical information or those that call for bulk data reports or recurring data subscriptions.

Such requests can be made by using the **Request for Complex Court & Public Records** form, which can be submitted in person, via email or facsimile, or through the mail. All complex records requests are to be directed to the Clerk's Public Information Officer.

External requests are usually available for pickup or delivery within 7 to 10 business days of the request being submitted. For internal requests, please allow 5 to 7 days. However, such **turnaround times can vary** depending on the complexity of the request and the current volume of requests being processed by the Clerk of Courts.

The complex request form can be downloaded from the Clerk of Court's website, duvalclerk.com, or it can be emailed to a requestor. Once the form is completed, it can be submitted directly to the Public Information Officer by emailing it to Public.Info@duvalclerk.com.

Clerk of Courts personnel in each department can assist in filling out and submitting the complex request form in person by visiting the Clerk of Courts offices at the Duval County Courthouse.

Complex requests forms can be faxed to the Clerk's Office at (904) 255-2159 and should be marked for the attention of the Public Information Officer. Those sent by mail should be addressed to:

Duval Clerk of the Circuit Court 501 W. Adams St., Suite 2403 Jacksonville, FL 32202 Attn: Public Information Officer

Fees will apply for materials and service. Please see attached **<u>Cost Recovery Policy</u>** for cost and payment policies.

Information contained in any court record, official record or other document that is exempt and prohibited from release to the public will be redacted in accordance with Chapter 119 of the Florida Statutes. Also per Chapter 119 of the Florida Statutes, the Clerk of Courts cannot require those requesting public or court records to provide their identity.
